<i>What type of seat(s) do you need verified by an instructor?</i>			
Please note: We have no way of knowing what type or how many seats will be available at this event. We are collecting this information to assist efficiency at the event.			
<input type="radio"/> Rear-facing only safety seat <input type="radio"/> Rear-facing convertible safety seat <input type="radio"/> Forward-facing safety seat with harness <input type="radio"/> Belt-positioning booster <input type="radio"/> Installation with LATCH: LATCH requires a harnessed safety seat must be used following manufacturer instructions. A rear-facing safety seat secured correctly using the lower anchors only would fulfill the requirement. A tether must be used if it is required for a correct LATCH installation.
